Bevel Heavy Duty Gearbox - Counter Rotating Outputs

A red industrial hydraulic cylinder with two ports and two mounting eyes. The cylinder is rectangular with rounded corners. It has two ports on opposite sides, each with a black seal and a silver-colored mounting eye. There are also two mounting eyes on the top and bottom faces. The cylinder is shown from a three-quarter perspective.

Part Number	Ratio	Efficiency at 1000 Rpm
BLHM20-1	1:1	88%
BLHM20-2	2:1	88%

Greased for Life: Shell Gadus S2 V220AD 2.

All figures listed are to be used for guidance only.

Rpm Input	Reduction Ratio	
	1:1	2:1
3000	0.66	0.53
2000	0.72	0.58
1000	0.88	0.70
500	1.00	0.80
100	1.35	1.08
50	1.48	1.18
10	1.77	1.41
