

OPEN TOP TANKS & CONTAINMENTS

Vertical open-top containment tank designs incorporate an inward top flange lip, which provides optimum container structural integrity.

Cylindrical open-top tanks can be utilized as primary process or mix tanks or for secondary containment of an inner tank. All open-top tanks are available in high-density linear polyethylene (HDPE) – black and natural white color, which complies with FDA regulation 177.1520 and NSF standard 61, as well as cross-linked, high-density polyethylene (XLPE) – black and natural white color.

Part No.	Style	Gallons	Diameter	Height
